

### TEE'S EPIPHANY

I realized that I'm just as bad as he is. Now don't interrupt me, Flora. I understood that by doing my job here, and by doing it my best, I'm helping him do his. And his job is to do as many of his brain surgeries as he can. He's on a mission. He thinks he's saving the goddamn world! He thinks he's relieving the suffering, and as long as I keep sending in the patients, he's gonna keep cuttin' on 'em. That might be okay if they were all violent, or dangerous or in here because they were murdering people in their beds, but Flora! Look at Rose! There ain't nothing wrong with her. Nothing! You know it and I know it, and what's more she knows it. So... (pause) ... we got to get her out of here.
